DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Gerstenmaier (USPN 2351329) as set forth in the Office action mailed 6/15/05.
3. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Foffano et al (USPN 5955017) as set forth in the Office action mailed 6/15/05.
4. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Davis (USPN 2976573) as set forth in the Office action mailed 6/15/05.
5. Applicant's arguments filed 8/16/05 have been fully considered but they are not persuasive. Applicant argues that the process of molding the molded part is not taught. This argument is misplaced because the claimed invention is a product by process. Applicant is reminded that a product by process is examined for its structure. See MPEP 2113. Applicant also argues that the thin part is not taught; however, the thin part is clearly taught by the cited figs of each prior art reference.
6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 1732

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
